

## FOR A SEASON NOT LIKE ANY OTHERS

Dear all,

We have just experienced a very trying new period which is starting to relax slightly, and we will be able to live together an exceptional summer!

If you want to live outdoors, in contact with nature, find authentic relationships, in all simplicity, simply do you good, then we will be there to welcome you to welcome you from June 19, in all security.

The team and I are keen to allow you to live your vacation in complete serenity, in the green and flowery setting of Ma Prairie, away from the hustle and bustle of the seafront.

Here are the first sanitary measures that will be essential to preserve your safety and that of our employees, with the greatest respect for everyone.

### OUR 10 FIRST COMMITMENTS

1. Appoint a health security manager within our establishment
2. Ensure the application of anti-covid19 directives and recommendations from public authorities.
3. Allow you to wash your hands regularly with soap or disinfectants when there is no water in common areas.
4. Reinforce the cleaning and disinfection of the common areas and adapt them to the requirements and recommendations of the health authorities.
5. Respect barrier gestures to preserve the safety of our employees, service providers and customers
6. Ensure clear communication on all the prevention measures implemented in our establishment.
7. Respect a vacancy time between two reservations, after the reinforced cleaning.
8. Reinforce the cleaning and ventilation of accommodation
9. Put in place signage to maintain safe distances between customers in waiting areas and favour the outdoors for all the activities offered
10. Adapt the activity program (adults, children and teenagers) and the evenings as well as the opening of services and facilities to sanitary requirements (Systematic cleaning of equipment, distance, gel available, number of people per activity ...).
